

# Adopt-a-College Student: Student Signup Form

We are so glad that you are interested in the Adopt-a-College Student program at Shartel. In order to enter the program, we just want to learn a little bit about you in order to pair you up with the best “adopting parents” for your specific needs.

As a member of this program, you and another college student will be paired with a family from Shartel Church of God. The family will open their home to you to do your laundry (for free!), have an occasional home-cooked meal, or even just have a place to get away to study or hang out. We want this to be like your home away from home.

Please be sure to try and write as legibly as possible when filling out this form. The more information you can give us, the better! For example, when you fill out your favorite foods, don’t just write your favorite meals: include your favorite snacks and/or finger foods too! If you do not have another college student that you would prefer to be with, we will do the best we can to pair you up with another college student with similar interests. Finally, by filling out this form, remember, that as a member of this program, we ask that you regularly attend Shartel’s Sunday morning worship services. We want to connect you with a family that you will know as part of your church too!
